## PROGRAM HIGHLIGHTS

As well as a lot of member presentations and talks, we have a few different items this season. Neil McShane AIPF will present and discuss his Monochrome Landscape images, as well as talking about distinctions a little. Clare O'Regan will show her portrait and model work, while painter Philip Lindy will talk to us about the art of composition. Podge Kelly also makes a welcome return. One new feature is a team competition with prizes for the winners. Finally we will be initiating more meetups as the year progresses.
